STELCO CHEMICALS INTERNATIONAL

Product List – Disinfectants

Our disinfectant range features powerful formulations that kill 99.9% of germs and bacteria. These products are ideal for sanitizing a variety of surfaces, including kitchens, bathrooms, and high-traffic areas. With options for hospital-grade disinfectants and pleasant fragrances, these solutions ensure thorough cleaning while maintaining a fresh, hygienic environment.

DL Disinfectant

Our DL Disinfectant contains quaternary ammonium compounds as the active ingredients of these disinfectants and can be used safely on all surfaces strong enough to kill 99.9% of germs and gentle enough to use on everyday surfaces. For disinfectant purposes just spray on surfaces and leave for 10 minutes before wiping clean, leaving a fresh clean fragrance.

Disinfectant - Bubble Gum

A pleasantly scented disinfectant with a bubble gum fragrance that effectively kills 99.9% of germs while leaving surfaces smelling fresh.

Disinfectant - Green Forest

A refreshing green forest-scented disinfectant that effectively kills germs and bacteria while leaving surfaces smelling fresh.

Disinfectant – Lavender

A lavender-scented disinfectant that combines the soothing fragrance of lavender with powerful germ-killing action.

Disinfectant – Citrosan

A true food grade disinfectant, using proprietary disinfectant that is derived from natural sources it is completely safe to use on all food contact surfaces.

Disinfectant - Pine 4%

A pine-scented disinfectant that provides a fresh, clean smell while killing 99.9% of germs and bacteria.

Disinfectant – Eucalyptus

A eucalyptus-scented disinfectant that offers both a refreshing fragrance and effective germicidal properties.

Disinfectant - Boronia

This disinfectant offers effective germ-killing action with a pleasant boronia fragrance. It is suitable for sanitizing a variety of surfaces, ensuring a clean and fresh environment while leaving behind a light floral scent. Perfect for use in homes and commercial spaces.

Disinfectant - Wildflower

A fragrant disinfectant that combines powerful cleaning action with the delicate scent of wildflowers. It kills germs while leaving surfaces spotless and fills the room with a fresh, floral aroma, making it ideal for environments that need both cleanliness and a pleasant fragrance.

Lemonkleen

A fresh, lemon-scented cleaner designed to cut through dirt, grime, and grease. Lemonkleen is ideal for use on a variety of surfaces, leaving them clean and streak-free while filling the space with a pleasant citrus fragrance. Suitable for kitchens, bathrooms, and general cleaning tasks.

Eucykleen

A eucalyptus-scented cleaner that effectively cleans and disinfects surfaces, leaving behind a refreshing natural fragrance.

Pinekleen

A pine-scented cleaner that cleans and disinfects while leaving a fresh pine fragrance, ideal for kitchens and bathrooms.

DR Sanikleen Hand Sanitiser

SANIKLEEN is a hand sanitiser with a moisturizing effect containing 70% (v/v) ethyl alcohol and chlorhexidine gluconate. Rubbing your hands with a few drops of SANIKLEEN can kill germs and leave your hands clean, soft, and soothed.

DR Hand Sanitiser- Eucalyptus

A quick-drying sanitiser with eucalyptus oil that kills 99.9% of germs, leaving hands fresh and clean with a natural scent.

DR Hand Sanitiser- Aloe Vera

A gentle sanitiser with aloe vera, killing 99.9% of germs while moisturizing and soothing the skin.

DL Premium Hand Dish Liquid

A concentrated dishwashing liquid with added hand care ingredients, providing effective grease removal while being gentle on the skin.

Sanisoft Antiseptic Hand Soaps

Antiseptic hand soaps that clean and disinfect, ideal for use in environments requiring high standards of hygiene.

Sandpit Sanitiser - Citric Fragrance

A citric-scented variant of sandpit sanitizer that combines effective germ control with a pleasant citrus fragrance.

Sandpit Sanitiser

A specialized sanitizer for sandpits and playgrounds, ensuring that these areas remain safe and germ-free for children.

D-Odour

D-odour is a true chemical deodorant that effectively reduces unpleasant odours at the source. After the cleaning process spray D-odour onto all areas affected by smell. The unique molecular construction of D-odour as it dries and evaporates from the garment will eliminate the odour in two powerful ways

- Bonding with the odour molecules and neutralizing them
 - Killing the bacteria that causes odour
